

Become Certified

Unlike training certificates from trade associations, the Council-certified Environmental Infection Control Remediator (CEICR) and/or Supervisor (CIECS) require specialized industry knowledge.

Complete application information is available for download www.acac.org

Candidates may prepare for the examination at their convenience by studying accepted industry publications. There are no required courses; however, study/review courses are available from a variety of independent providers. The ACAC has no financial or revenue-sharing agreements with these course providers.

Exams are delivered electronically at secure testing facilities throughout North America and major cities worldwide. Exam results are delivered instantly; however, certification is awarded only after the CEICR/CEICS certification board review and is granted by unanimous vote.

Enhance your professional status by becoming a CEICR or CEICS. Visit ACAC at www.acac.org or call our staff toll free at (888) 808-8381.

About ACAC

ACAC awards specialty certifications to those who demonstrate industry knowledge and field experience in various IAQ disciplines:

- Environmental Investigation
- Environmental Remediation
- Environmental Infection Control
- Environmental Thermography
- Microbial Investigation
