

## **Become Certified**

Unlike training certificates, the Council-certified Environmental Thermography Investigator and Council-certified Environmental Thermography Consultant requires an effort well worth the time and expense.

Complete application information is available for download [www.acac.org](http://www.acac.org)

Candidates may prepare for the examination at their convenience by studying accepted industry publications. There are no required courses; however, study/review courses are available from a variety of independent providers. The ACAC has no financial or revenue-sharing agreements with these course providers.

Exams are delivered electronically at secure testing facilities throughout North America and major cities worldwide. Exam results are delivered instantly; however, certification is awarded only after the CETI/CETC certification board review and is granted by unanimous vote.

---

Enhance your professional status by becoming a CETI/CETC. Visit ACAC at [www.acac.org](http://www.acac.org) or call our friendly staff toll free at (888) 808-8381.

## **About ACAC**

---

**ACAC awards specialty certifications to those who demonstrate industry knowledge and field experience in various IAQ disciplines:**

- Environmental Investigation
- Environmental Remediation
- Environmental Infection Control
- Environmental Thermography
- Microbial Investigation
- Microbial Remediation
- IAQ Administration

**ACAC provides certifications for every level of experience:**

- Technician certifications for individuals with 2 years education and experience.
- Professional certifications for individuals with 8 years education and experience.

**ACAC complies with independent third-party standards and guidelines for certification bodies.**

- ACAC certifications are CESB-accredited.
- ACAC certifications are compliant with ISO standards 9000, 9001, 9004, 17000 and 17024.
- ACAC certifications are compliant with testing standards published by AERA, APA and NCME.

# Who Is a CETI/CETC?

**A Council-certified Environmental Thermography Investigator (CETI) and Council-certified Environmental Thermography Consultant (CETC) is involved in thermal imaging of structures for building science, home inspection and indoor air quality purposes.**

The CETI has at least 2 years of field experience in thermal imaging.

The CETC has at least 8 years of field experience in thermal imaging.

Both the CETI/CETC have demonstrated knowledge by passing a comprehensive examination based on industry knowledge and understand the unique advantages of thermal imaging in developing and proving hypotheses involving facets of our environment which are invisible to the human eye.

CETI/CETC certificants use thermal imaging Candidates for a wide variety of reasons.

- Building science
- Structural defects
- Infiltration/exfiltration
- HVAC duct leakage
- Roof leaks
- Energy conservation
- Moisture issues
- Remediation specifications

# Other ACAC Certifications

Your certification is your most important marketing tool. It tells your customers and colleagues about your qualifications and professionalism. Choosing the right certifications is crucial to your marketing success.

## • Environmental Investigation

CIEC Council-certified Indoor Environmental Consultant  
CIE Council-certified Indoor Environmentalist

## • Environmental Remediation

CIES Council-certified Indoor Environmental Supervisor  
CIER Council-certified Indoor Environmental Remediator

## • Environmental Infection Control Investigation

CEICC Council-certified Environmental Infection Control Consultant  
CEICI Council-certified Environmental Infection Control Investigator

## • Environmental Infection Control Remediation

CEICS Council-certified Environmental Infection Control Supervisor  
CEICR Council-certified Environmental Infection Control Remediator

## • Environmental Thermography

CETC Council-certified Environmental Thermography Consultant  
CETI Council-certified Environmental Thermography Investigator

## • Microbial Investigation

CMC Council-certified Microbial Consultant  
CMI Council-certified Microbial Investigator  
CRMI Council-certified Residential Mold Inspector

## • Microbial Remediation

CMRS Council-certified Microbial Remediation Supervisor  
CMR Council-certified Microbial Remediator  
CRMR Council-certified Residential Mold Remediator\*

## • IAQ Administration

CIAQM Council-certified Indoor Air Quality Manager  
CMCA Council-certified Microbial Claims Adjuster
